

VETERANS VILLAS AT SAN ANTONIO DRIVE

New affordable homes for veterans and their families

2022

A NEW VETERAN AND FAMILY HOUSING DEVELOPMENT

Mercy Housing will begin construction on 60 units of high-quality affordable rental housing for veterans who have experienced homelessness as well as veteran families. The site is a 1.5-acre property at the corner of San Antonio Drive and Foster Road. Upon completion, the community will create affordable apartments and provide amenities such as private outside space, laundry rooms, a community room, and property management and resident services offices. Veterans Villas at San Antonio Drive is the seventh community developed by Mercy Housing California specifically for veterans.

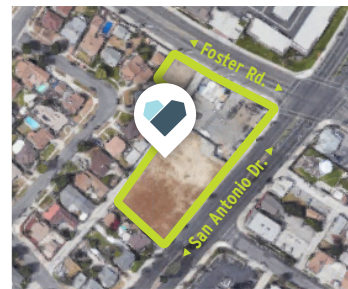

Mercy Housing California is the state's most experienced owner of service-enriched housing for families with low incomes.

ABOUT MERCY HOUSING

Mercy Housing California (MHC) is a California-based, nonprofit housing development organization with the mission of creating and strengthening healthy communities. Mercy Housing has created and preserved affordable housing for Californians for over 40 years. Today, MHC owns and manages 160 communities with 11,092 homes statewide for more than 21,000 people.

Mercy Housing Management Group (MHMG) will be the management agent for the property and is committed to providing quality property management services that reinforce the philosophy that all residents deserve respect, dignity, and a place to call home. MHC and MHMG are affiliates of Mercy Housing, Inc., a national non-profit housing development, management, and resident services organization founded by six congregations of Women Religious including the Daughters of Charity, the Sisters of Mercy, and the Sisters of St. Joseph of Orange.

MHC has been recognized for its outstanding design, quality management, and model of services provision by a wide range of public and private organizations, including the National Association of Home Builders, Affordable Housing Finance, and the American Institute of Architects.
